

Areas of Expertise

Industrial Electronics

- AC Electronics
- DC Electronics

Instructor Training

- Front End Analysis
- Train the Trainer
- Instructional Design and Development

Computer Equipment/Software

- Computer Hardware
- Microsoft Operating Systems (Win9x, NT, Win2000, WinXP)
- QuickBooks and QuickBooks PRO
- Microsoft Office Suite

Data Communications

- ATM
- Cellular
- Cisco Routers
- Digital & Analog Equipment
- Digital Switches
- Encryptors
- Ethernet
- Frame Relay
- ISDN (BRI and PRI)
- T1 and T3
- Token Ring and Token Bus (IEEE 802.5 and IEEE 802.4)
- VoIP/VoFR
- WAN / LAN Technologies
- IBM Personal Computers
- Wireless Networks

Radar Systems

- Continuous Wave
- Doppler Tracking/Fire Control
- Pulse Search
- Pulse Tracking/Fire Control
- Monopulse

Automotive Plant Floor Technology

- Hydraulics
- Pneumatics
- Programmable Logic Controllers (PLC)
- Ladder Logic
- Robotics

Management Training

- Project Management
- Total Quality Management
- Sales Leadership
- Business Analysis
- Business Restructuring
- Business Start-Ups (The Highs and the Lows)
